- Collaborated with the UI/UX team and project stakeholders to translate Figma designs into functional code.
- Delivered weekly progress briefings to company stakeholders, addressing front-end advancements.
- Stack: Angular, Javascript, CSS, Typescript, Figma, Material UI.

Software Engineer
Swoop Cart Technologies

08/2021 - Present
https://www.swoopcart.com/

Achievements/Tasks

- Developed features that are implemented on the front-end web application, delivering a seamless and responsive user interface while optimizing the application's overall performance.
- Collaborate with cross-functional teams, including designers, product managers, and back-end engineers, to ensure seamless integration of features.
- Keep up-to-date with the latest industry trends and technologies.
- Stack: NextJS, Apollo Client, Typescript, GraphQL, NodeJS.

SKILLS

ReactJS | NextJS | Javascript | Tailwind CSS | HTML 5 | CSS | Typescript | NodeJS | ExpressJS | Redux | Postman | MySQL | Prisma | Shadcn UI | Git | NPM | MongoDB | Deployment | Debugging | Communication

PERSONAL PROJECTS

Netflix Clone | https://next-netflix-three.vercel.app

- Developed a comprehensive Fullstack Netflix clone with user authentication via GitHub and Google accounts, featuring an account selection option for personalized preferences.
- Implemented responsive design for optimal user experience across devices, including watchlist functionality, movie browsing, and a dynamic video player for an immersive streaming experience.
- Proficiently utilized technologies such as NextAuth, Prisma, and MongoDB, ensuring robust security measures, protected routes, and seamless deployment on Vercel.
- Stack: React, NextJS, Tailwind CSS, Prisma, MongoDB, NextAuth, Vercel.

Smart Brain | https://arooj-12.github.io/SmartBrain-frontend/

- Developed a Face Recognition app utilizing Clarifai API for precise face detection with bounding boxes.
- Demonstrated strong skills in API integration, image processing, and applying advanced technologies for real-world solutions, showcasing a commitment to staying current in the field of computer vision.
- Stack: React, CSS, Clarifai API, NodeJS, ExpressJS, PostgreSQL, Postman, Render.

E-Commerce + Dashboard & CMS | https://ecommerce-store-roan-chi.vercel.app | https://ecommerce-admin-indol-eta.vercel.app/

- Developed an integrated CMS within the admin dashboard enabling control of multiple vendors, creation and management of products, categories, filters, and billboards, along with seamless API generation.
- Incorporated advanced features such as multi-image product uploads, search functionality with pagination, and dynamic homepage display options for featured products.
- Implemented secure authentication using Clerk, order creation, and integrated Stripe for seamless checkout and webhooks, providing a comprehensive and efficient online shopping experience.
- Stack: React, NextJS, Tailwind CSS, Prisma, MySQL, Clerk, Stripe, Vercel.
